To Whom It May Concern:

Pubsclubs gets pricing from the top quality suppliers on par with that being offered by the low cost providers, so you get the best solution and the best service for the best price.

The creation of the Pubsclubs supplier contracts registry also ensures we provide the required notice to our suppliers and by terminating many of our current agreements has prompted our suppliers to re-price, delivering further cost savings.

We simply don't have the time or resources to investigate all the options for every good or service. Pubsclubs is essential for all small to medium sized venues as they deliver better pricing and value, in these trying times this service is a must.

Thank you Pubsclubs.

Scott Hawkins  
General Manager
