To Whom It May Concern:

Pubsclubs has delivered many tangible benefits to the Balgowlah RSL Club, reducing costs in many operational areas, recommending high quality suppliers at better pricing and identifying alternative options that we hadn't considered to the betterment of the club.

Pubsclubs has the knowledge of which suppliers have the best products and best service and the appropriate solution for the venue. This provides that piece of mind that we have considered all the options before signing contracts and by comparing our current suppliers to others in the marketplace ensures we have the best on offer.

I know of other clubs that have benefited as well and I can certainly recommend Pubsclubs to any hospitality business

Sincerely,

A handwritten signature in black ink, appearing to read "Hendrik Visser". The signature is fluid and cursive, with a long, sweeping underline.
